Another dreaded phone message about a sewage spill! The laws do not seem to adequately address this pathetic and ongoing nightmare!

For years, UI/TCWS has not addressed the needed repairs to this system. What have they done with the exorbitant rates and increases over the years, except line their own pockets.

The residents of Tega Cay expect UI/TCWS to be fined commensurate with the damage they are causing to our lake, land values and reputation. Only such fines will force UI/TCWS to do the right thing.
